TO THE HONORABLE PRESIDING JUDGE:

May this letter serve to verify that AIC. American Integrity Courses ® court ordered classes are nationally recognized by *State & Local* Family Courts as professional self-improvement and self-development programs. Our courses are developed by our in-house Advance Nurse Practitioner who has a master's degree in Science in Nursing with a specialization with Adults/Geriatrics.

We are proud to say that we have been serving our community and ALL our United States in the USA since 2014 with a mindset of providing court ordered education at an affordable price that none of our competitors can beat! Our best asset is our customer service hot line available to all clients, Mon-Fri 10am-6pm CST.

All course information strictly adheres to guidelines provided by the American Psychological Association, the US Department of Health & Human Services, the Substance Abuse & Mental Health Services Administration, and the National Coalition against Domestic Violence. The goal of our courses is to motivate change through the practice of self-awareness and the development of self-control over thoughts and actions resulting in increased self-esteem and self-efficacy.

Enrollment forms and completion documents follow the established guidelines by U.S. court systems. For the benefit of our clients, proof of enrollment, completion reports, and achievement certificates (certificates only obtained if score is above a 70%) are emailed instantly post completion of course and a copy of certificate can be obtained by the courts, PO, or client's lawyer by calling or emailing our company directly.

WHY ARE WE LESS EXPENSIVE? A COMMUNITY-BASED COMPANY!

- ✓ Our Online courses offer the highest quality course content with no additional price increase for providing a live instructor which would undoubtedly add to the cost of our courses!
- ✓ Clients are already having high court costs and fees. Adding a high-priced course to their education *is unrealistic!*
- ✓ We provide a simple to follow online course which allows students to complete at their own pace, then can offer proof of their hard work in the form of a Report or Certificate (certificates only given with a passing score of 70% or higher).

FORMAT OF OUR COURSES FOLLOW THESE GUIDELINES:

- ✓ **Lesson Reading Material-** The course contains visual captioned reading material. To monitor attendance and progress, a comprehensive workbook is provided for students to print, if proof of effort is required, along with a course completion certificate.
- ✓ **Workbook, Self-Awareness Assessments and Activities-** Workbooks contain positive reinforcement questions, self-report assessments and self-development activities to create awareness of current behaviors and actions in an effort to build the groundwork for attitude change and self-initiated behavior modification.
- ✓ **Course Activities and Role Play Exercises-** Course relevant activities and role play exercises help the student relate to the information on a personal level applying course concepts to personal experiences.
- ✓ **External Resources-** Students are encouraged to email our in-house registered nurse/NP with questions or comments regarding any course material.
- ✓ **Final Assignments-** All courses contain final assignment goals designed to summarize key points and encourage and motivate long term attitude change and behavior modification.
- ✓ **Final Exam-** Exam questions must be answered after each section in order for the student to proceed through the course. Questions are designed to reinforce and encourage behavior change, ensure comprehension and drive home key points. Students must score above 70% to obtain a certificate of completion.
- ✓ ***SPECIAL PROVISION:** If a student's score is 1-2 points below the passing 70% score, as an option, the student may pay the admin fee of \$25, then schedule a phone consultation with the owner to go over missed exam questions. Upon discussing the missed exam question, the student, after instructor's assessment, is given credit for the question.
